

Make the Right Connection with Adaptec 6Gb/s SAS HD Cables

Adaptec® by PMC Series 7/7Q/7H/7He RAID adapters are the industry's first adapters with mini SAS HD connectors. These physically smaller connectors allow for 24 native ports in an MD2-Low Profile form factor. With mini SAS HD connectors, one adapter can fully accommodate the maximum 2.5-inch bays in a 2U chassis. Our first-to-market right-angle connectors provide installation ease and flexibility. The 6Gb/s SAS HD cables can also be used with Adaptec's 12Gb/s Series 8 adapters (products will retain 6Gb/s speed). Adaptec delivers big innovation in a small package.
